Parent/Guardian Signature        Date
August 2005

Dear Parent/Guardian:

As part of the REAL Program at Reuther Central High School, your student will be going on field trips outside the Reuther Central High School building during the regularly scheduled school day. Many of the trips will not be scheduled until the school year has begun. All trips will leave from Reuther Central High School and will return to Reuther Central High School. Students will be transported by bus or will walk if the distance is not great.

Parents will be notified in writing, either through the Parent Newsletter or in a flier sent home with students of the date and location of the trip. These trips are designed to be an integral part of the course curriculum. If you do not want your student to participate in the field trip, you may notify Reuther in writing or by telephone. If a student does not participate in the field trip, they are still required to attend school that day.

Verbal permission is not acceptable and Reuther Central High School must have this form on file for your child to participate in a field trip.

________________________________________________________________________

My son/daughter ______________________________________ has permission to attend scheduled REAL Program field trips for the 2005-2006 school year. I realize that Reuther Central High School will not be held responsible for conduct or action that is contrary to the school standards. If for any reason I must be contacted, I can be reached at:
